

# KEWA PUEBLO SAFETY COMPLEX

I-25 EXIT 259 AND STATE ROAD 22

# Location of Santo Domingo Reservation

# Location of Safety Complex

# START OF THE EMS PROGRAM

- Kewa Pueblo instituted an EMS program in 2003 running 24/7 operations.
- The department was first operated out of a donated fifth wheel trailer and then moved to a single wide trailer with no indoor plumbing adjacent to the community center.
- The tribe first purchased two ambulances in 2004 which were parked outdoors since there was no facility to park them.
- The tribe purchased a brush truck in 2007 through Homeland Security Funds and an Operations Truck in 2008 with Capital Outlay Funds.
- There was certainly a need for a facility to house fire and EMS operations.

# BUDGET

CAPITAL OUTLAY	
2006	\$50,000
	\$150,000
2007	\$100,000
